Rep. Michelle Bachman (R-6)	7/28/10 2:41 PM	Sent	+1-1-202-225-6475	9

So we can write off Dana Rohrabacher as a fraud.

So we can write off John Boehner as a fraud.

Let's try Michelle Bachmann

Dear Representative Bachmann,

Like Mr. Boehner, You are pretty competent at sending out your message soliciting funds for your reelection campaign. You also make it quite a point that you intend to settle up for "We the People" with those abusing their power.

Well here is your chance. Please forward my accusations to the house ethics committee as I was directed by the instructions available on the government website. You are number 3. If you do not follow through then I will be free to go directly to the ethics committee. Now won't that just be fun.

I will remember you along with Mr. Boehner and Mr. Rohrabacher when the time comes to settle up for violating your oath to protect the constitution and applying charges against you three for Misprision of Felony as called for in the US code.

The ball is in your court. You have 3 working days to notify me you have successfully accomplished your task.

A US Citizen, one of your ex-employers and an American Patriot...dedicated to the Constitution and the rule of law.

Mr. Boehner,

You are pretty competent at sending out your message soliciting funds for your reelection campaign. You also make it quite a point that you intend to take the gavel out of Ms. Pelosi's hand.

Today I received your latest contribution to our great disaster called the 111th Congress. Kudos Mr. Boehner. Imagine a requirement that members of Congress actually read the bills before signing them! WOW!!! What a novel idea...an intellectual breakthrough!

Tell me Congressman Boehner...isn't that what they are already supposed to do? Careful John...the white house will probably attempt to sue you for advocating such a brilliant idea!

Checking below you can see I sent you this request detailing accusations against Ms. Pelosi of election fraud, to be forwarded to the ethics committee. Just considering your stated ambitions I would have expected to hear from you by now with confirmation. Well maybe I missed your response.

Let me give you one more opportunity to accomplish this incredibly complex task. In accordance with the instructions on the government web site, please

As a side note for your benefit, there was a recent new developments where an election official from Hawaii has stated he is willing to declare in open court there is no birth certificate for Mr. Obama and this is all common knowledge among the state officials in Hawaii. If this indeed is true there are a lot of questions any reasonable person should be asking. Especially people like yourself who have taken an oath to protect the constitution. I know I do not have to remind you of the seriousness of acts of perjury and fraud.

You can expect me to follow-through as necessary to successfully complete this process. Immediately passing this complaint through to the Ethics Committee will save us all a great deal of time and trouble.

Please send me confirmation upon completion. I will followup by July 20, 2010.

Many other civic minded citizens are also interested in the outcome of this submission. We will all be following the progress and the outcome closely. We would like assurances the Ethics Committee will deal with this ethically.

Thank you for your assistance in this matter,

Arnie Rosner

This complaint raises questions of election fraud in the 2008 presidential election. The details are presented below.

Examples, DCN1 and DCN2 are presented as evidence to support this complaint. These documents are part of the public record.

Barack Obama refused throughout the vetting process to produce proof that he was a "natural born" citizen as required by the Constitution. On Obama's word alone, Nancy Pelosi caused documents to be signed and distributed to forty nine of the fifty States hiding the fact Obama was not eligible for nomination or election. Many others, including State DNC organizations, allowed the truth about Obama's eligibility to be hidden from the electorate and the public. The charge of fraud is now clearly a conspiracy of fraud against the electorate, public and the United States of America.

TWO nomination documents were prepared. The second document [DNC2] included the "Constitutional" certification within the declaration:

THIS IS TO CERTIFY that at the National Convention of the Democrat Party of the United States of America, held in Denver, Colorado on August 25 through 28, 2008, the following were duly nominated as candidates of said Party for President and Vice President of the United States respectively and that the following candidates for President and Vice President of the United States are legally qualified to serve under the provisions of the United States Constitution..

The first [DNC1] document expressly excluded the "Constitutional" certification from the declaration:

THIS IS TO CERTIFY that at the National Convention of the Democrat Party of the United States of America, held in Denver, Colorado on August 25 though 28, 2008, the following were duly nominated as candidates of said Party for President and Vice President of the United States respectively..

Nancy Pelosi, the DNC and local State DNC Chapters filed the "non-Constitutional" certification document with the Election Commissions in forty-nine of the fifty States.

The two separate Nomination Certifications are complete with date stamps, matching signatures, even the same Notary of Public authentication.

As a result of the "Constitutional" Nomination Certification not being filed with forty-nine States the Election Commissions within these States were defrauded as the truth about Obama's

vetting and enginuity was purposey witneid, tneretore misrepresented.

The 50th State, Hawaii, is a mystery as to why the DNC submitted the Constitutional Certification. It is assumed the State of Hawaii demanded the wording be included in the Certification. However, by filing this Constitutional "version" with Hawaii and not the other 49 States it ADDS to the fraud, conspiracy and guilt. Why would the DNC even prepare (2) documents? The issue still remains, Obama is not a "natural born" citizen and the vetting of him by the DNC was misrepresented and fraudulent.

Not only is this fraud, it is a conspiracy because multiple parties were involved.
