EVIDENCE BROADENS OBAMA NATURAL BORN CONSPIRACY

Source: JB Williams - (6/7/11)

Evidence that we have a fraud and a usurper currently residing in the people's White House is overwhelming, despite the overt lack of journalistic investigating on the part of the American press. But now new evidence indicates that the conspiracy to carry out that fraud was much broader than originally thought.

The story of whom and what Barack Hussein Obama II really is – is a forty-year story that requires a book, not a column, to tell. Strong evidence suggests that he was being groomed from a very young age for the moment in history that would end American supremacy in the world, and usher in a new era of Global Marxist Governance.

But there was a major hurdle that had to be overcome - the U.S. Constitution, in this case, Article II – Section I – Clause V specifically, which requires that “no person except a natural-born citizen of the United States” can hold the office of President. – Obama is not a natural-born citizen of the United States...and may not even be a legal citizen of the United States. So, how can he be President?

This column focuses upon the period **2003-2008** and the political maneuvers that took place in order to make way for America's first unconstitutional resident of the White House.

Efforts to Eliminate the Natural Born Requirement (2003-2005)

Proving that the players involved knew the correct definition of natural born citizen borrowed from the Law of Nations by our founders - 1) *those born in the country, of parents who are citizens*; 2) *those children naturally follow the condition of their fathers, and succeed to all their rights*; 3) *The country of the fathers is therefore that of the children*; 4) *in order to be of the country, it is necessary that a person be born of a father who is a citizen*. – that they knew Barack Hussein Obama II did not meet that definition as a foreign or dual citizen via his father's British citizenship and that they worked feverishly to find a way around this constitutional requirement for office, as Obama was about to become president...

The effort to remove the natural-born citizen requirement from the U.S. Constitution actually began in 1975 – when Democrat House **Rep. Jonathon B. Bingham**, [NY-22] introduced a constitutional amendment under **H.J.R. 33** which called for the outright removal of the natural-born requirement for president found in Article II of the U.S. Constitution – “*Provides that a citizen of the United States otherwise eligible to hold the Office of President shall not be ineligible because such citizen is not a natural born citizen.*”

Bingham's first attempt failed and he resurrected **H.J.R. 33** in 1977 under **H.J.R. 38**, again failing to gain support from members of congress. Bingham was a Yale Law grad and member of the secret society Skull and Bones, later a lecturer at Columbia Law and thick as thieves with the United Nations via his membership in the Council on Foreign Relations.

Bingham's work lay dormant for twenty-six years when it was resurrected again in 2003 as Democrat members of Congress made no less than **eight (8) attempts** in twenty-two (22) months, to either eliminate the natural-born requirement, or redefine natural-born to accommodate Barack Hussein Obama II in advance of his rise to power. The evidence is right in the congressional record...

1. **On June 11, 2003** Democrat House member **Vic Snyder** [AR-2] introduced **H.J.R. 59** in the 108th Congress – “*Constitutional Amendment - Makes a person who has been a citizen of the United States for at least 35 years and who has been a resident within the United States for at least 14 years eligible to hold the office of President or Vice President.*” – Co-Sponsors: Rep Conyers, John, Jr. [MI-14]; Rep Delahunt, William D. [MA-10]; Rep Frank, Barney [MA-4]; Rep Issa, Darrell E. [CA-49]; Rep LaHood, Ray [IL-18]; Rep Shays, Christopher [CT-4].

2. **On September 3, 2003, Rep. John Conyers** [MI] introduced **H.J.R. 67** – “*Constitutional Amendment - Makes a person who has been a citizen of the United States for at least 20 years eligible to hold the office of President.*” – Co-Sponsor Rep Sherman, Brad [CA-27]

3. On **February 25, 2004**, Republican **Senator Don Nickles [OK]** attempted to counter the growing Democrat onslaught aimed at removing the natural-born citizen requirement for president in **S.2128** - "*Natural Born Citizen Act - Defines the constitutional term "natural born citizen," to establish eligibility for the Office of President*" - also getting the definition of natural born citizen wrong. - Co-sponsors Sen Inhofe, James M. [OK]; Sen Landrieu, Mary L. [LA]

4. On September 15, 2004 - as Barack Obama was about to be introduced as the new messiah of the Democrat Party at the DNC convention, Rep Dana Rohrabacher [CA-46] introduced **H.J.R. 104** - "*Constitutional Amendment - Makes eligible for the Office of the President non-native born persons who have held U.S. citizenship for at least 20 years and who are otherwise eligible to hold such Office.*" - No co-sponsors.

5. Again on **January 4, 2005**, **Rep John Conyers [MI]** introduced **H.J.R. 2** to the 109th Congress - "*Constitutional Amendment - Makes a person who has been a citizen of the United States for at least 20 years eligible to hold the Office of President.*" - Co-Sponsor Rep Sherman, Brad [CA-27]

6. **Rep Dana Rohrabacher [CA-46]** tries again on **February 1, 2005** in **H.J.R. 15** - "*Constitutional Amendment - Makes eligible for the Office of the President non-native born persons who have held U.S. citizenship for at least 20 years and who are otherwise eligible to hold such Office.*" - No Co-Sponsor

7. On **April 14, 2005**, **Rep Vic Snyder [AR-2]** tries yet again with **H.J.R. 42** - "*Constitutional Amendment - Makes a person who has been a citizen of the United States for at least 35 years and who has been a resident within the United States for at least 14 years eligible to hold the office of President or Vice President.*" - Co-Sponsor Rep Shays, Christopher [CT-4]

8. All of these efforts failing in committee and the 2008 presidential election looming with an unconstitutional candidate leading the DNC ticket, Democrat **Senator Claire McCaskill, [MO]** tries to attach the alteration to a military bill in **S.2678** on **February 28, 2008** - "*Children of Military Families Natural Born Citizen Act - Declares that the term "natural born Citizen" in article II, section 1, clause 5 of the Constitution, dealing with the criteria for election to President of the United States, includes any person born to any U.S. citizen while serving in the active or reserve components of the U.S. armed forces.*" - Co-Sponsors DNC Presidential candidate Sen Clinton, Hillary Rodham [NY]; DNC Presidential candidate Sen Obama, Barack [IL]; Sen Menendez, Robert [NJ]; Sen Coburn, Tom [OK] - (This was the first effort to also assure that GOP Presidential candidate Sen. John McCain [AZ] would be cleared to run against the DNC primary victor.)
From June 11, 2003 to February 28, 2008, there had been eight (8) different congressional attempts to alter Article II - Section I - Clause V - natural born citizen requirements for president in the U.S. Constitution, all of them failing in committee - All of it taking place during Barack Obama's rise to political power and preceding the November 2008 presidential election.
In politics, there are no coincidences... not of this magnitude.

Finally on **April 10, 2008**, unable to alter or remove the natural born citizen requirement to clear the way for Barack Obama, the U.S. Senate acts to shift focus before the election, introducing and passing **S.R.511** - declaring Sen. John McCain a "natural born citizen" eligible to run for and hold the office of president. There was never any honest doubt about McCain, the son of a U.S. Navy Commander. The Sponsor of the resolution is Democrat Senator Claire McCaskill, [MO]

S.R.511 States that John Sidney McCain, III, is a "natural born Citizen" under Article II, Section 1, of the Constitution of the United States. S.R511 passed by a 99-0 unanimous consent of the Senate, with only John McCain not voting. The basis was - "*Whereas John Sidney McCain, III, was born to American citizens;*" - a condition not met by Barack Hussein Obama II. - Co-Sponsors DNC Presidential candidate Sen Clinton, Hillary Rodham [NY]; DNC Presidential candidate Sen Obama, Barack [IL]; Sen Leahy, Patrick J. [VT]; Sen Webb, Jim [VA]; Sen Coburn, Tom [OK] (They had made certain that John McCain would run against Barack Obama)

However, in the McCain resolution is also this language - "*Whereas the Constitution of the United States requires that, to be eligible for the Office of the President, a person must be a 'natural born Citizen' of the United States; - Whereas the term 'natural born Citizen', as that term appears in Article II, Section 1, is not defined in the Constitution of the United States;*"

The U.S. Constitution is not a dictionary. The definition of "is" is not in the constitution either. Yet this is the text that would later be issued in **Congressional Research Service talking points memos** distributed to members of congress, to protect an individual that all members of congress know and understand to be an "unconstitutional" resident of the people's White House - Barack Hussein Obama II.

constitutional process, they resorted to altering the constitution via precedent setting, in short, knowingly electing and getting away with seating an unconstitutional president in order to alter Article II requirements for the office via breaking those constitutional requirements.

The press would not ask any questions and the American people were already too ill-informed of their constitution to know or too distracted by daily life to care. The press would provide the cover, swearing to the lies of an unconstitutional administration put in power by criminal actors focused only on their lofty political agenda of forever altering the American form of government.

The people would be caught up in a steady diet of daily assaults on their individual freedom and liberty and overlook the most obvious constitutional crisis in American history, the seating of an unconstitutional and anti-American president.

Evidence of What?

- Barack Obama is an unconstitutional resident of the people's White House
- He did not become America's first unconstitutional president alone, he had help
- While most of the criminal cabal are Democrats, some are Republicans
- Every member of congress knew Obama was ineligible for the office of president
- Every member of the U.S. Supreme Court knows that Obama is unconstitutional
- Every intelligent member of the press knows the truth, but won't dare tell this story
- Numerous people tried to remove natural born citizen from the constitution
- They all know the correct definition of natural born citizen and applied it to John McCain
- None of these people wants to apply the same definition to Barack Obama
- Nobody in the Federal Government is going to do anything about the greatest constitutional crisis in American history, because all of them are complicit on one level or another

As a result, the DNC was forced to remove the "[constitutionally eligible](#)" language from the 2008 DNC certification of the Obama-Biden ticket, omitting from the certification the following language – "[and that the following candidates for President and Vice President of the United States are legally qualified to serve under the provisions of the United States Constitution.](#)" Instead, the DNC only certified that the Obama-Biden ticket was duly nominated for the offices of President and Vice President, using the following language –

"THIS IS TO CERTIFY that at the National Convention of the Democrat Party of the United States of America, held in Denver, Colorado on August 25 *through* 28, 2008, the following were duly nominated as candidates of said Party for President and Vice President of the United States respectively:" (Note that the word "through" is misspelled in both DNC versions, indicating that it is an alteration from the same document.)

Later, adding insult to injury, responding to endless public demands for documentation that would prove Obama eligible for the office he currently holds, the Obama White House issued not one but at least two (2) blatant forgeries, the first in the form of a Hawaiian COLB (Certification of Live Birth – not to be confused with a common birth certificate), and then a forged (so-called long form) Birth Certificate, otherwise known as an actual birth certificate.

Meanwhile, the entire U.S. Press has been blatantly complicit or terminally derelict in their total lack of interest in investigating or reporting these facts. The [fourth estate](#) had become a fifth column.

The Greatest Fraud Ever Perpetrated

The Obama conspiracy to seat an unconstitutional president is the greatest fraud ever perpetrated on the American people and it has drastically altered the American system of self-governance from a constitutional republic to a corrupt democracy of frauds elected by fools.

Obama did not do this alone - he had a lot of help, including from an ignorant electorate.

But these wheels were set in motion in the late '90s and placed in overdrive in 2003. Numerous government officials were involved in the conspiracy to defraud the American people out of their government, including key Republicans like Darrell Issa and Tom Coburn. Every member of congress, the courts and the press, have been given the cover-up talking points by the [Congressional Research Service](#) and so far, not one individual has the honor or decency to break from those talking points and tell the American people the truth. Their government had been stolen...

Where was Obama while the Path was being cleared?

- November 5, 2008 - Barack Obama wins the US Presidential Election and becomes the first UNCONSTITUTIONAL President of the United States

In short, as Obama was rising through the ranks of Democrat Party power and being systematically groomed as the new messiah of the party, friends of the movement were busy making way by trying repeatedly to remove Article II – Section I – Clause V from the U.S. Constitution. When they failed to do it legitimately, they did it via setting precedent.

Despite a total lack of significant accomplishment, Obama was clearly fast-tracked by Democrat Party powers and even the massive Clinton War Machine was no match for the people behind Obama's unparalleled rise to power.

Now you know how this nobody from nowhere came to power in almost no time at all with a completely blank résumé, and if you follow the names attached to the flood of initiatives to eliminate natural born citizenship as a requirement for the office, you can see some of the folks behind that effort.

Since many of the key figures in the three branches of the Federal government were involved in this conspiracy, we know that we cannot rely on anyone at the Federal level to address this crisis, and since we have watched the U.S. press run cover for it, we know not to expect any help from them in returning America to her people.

Only the People Can End this Crisis

From 2003 through 2008, member of congress worked to eliminate Article II – Section I – Clause V of the U.S. Constitution, requiring that all presidential candidates be natural born citizens of the United

States.

In 2008, fifty state Secretaries allowed the name Barack Hussein Obama to appear on their state ballot for the president, despite the known fact that Barack Hussein Obama did not meet the constitutional conditions for the office sought, and that the **Democrat Party had intentionally failed to certify Barack Obama** as constitutionally eligible for office.

On January 20, 2009, U.S. Supreme Court Justice Roberts administered the presidential oath of office to an individual and every member of the Supreme Court had knowledge that Barack Hussein Obama failed to meet constitutional requirements for the office he was about to take.

The Chief Law enforcement officer in our country is head of the Department of Justice, Eric Holder. A long-time leftist comrade of Barack Obama who uses the power of the office to silence the vice of American dissenters, while protecting all who intend America harm.

The voting fraud is so prevalent in America today that it is almost impossible to rely upon the election system as a means of correcting anything and even if you could rely on the system, decent honest qualified leaders do not run for political office in this cesspool we call a country today.

Only 25% of the nation strongly supports this White House resident, which means 75% have great doubts, with more than 35% strongly opposed.

Only the people can put this nation back on track to freedom and liberty, the rule of law and our beloved constitutional republic and they cannot do it in the election booth.

The people must rise up, stand together and hold these criminal actors accountable for the theft of our government which has become the greatest threat to the American way of life in history.

The people must wake up, stand up, come together and put this evil down and they must do it while they still have the power to do so. TAKE ACTION TODAY!

The name Barack Hussein Obama II cannot appear on the 2012 President ballot and neither can the name of any co-conspirator. Every citizen who wants to live in freedom tomorrow must contact the appropriate officials today!
