

Americans

Free at Last --

The ties have been permanently broken

January 30, 2016

Judge Anna Maria Riezinger

Anna von Reitz <avannavon@gmail.com>

Alaska State Superior Court

For those just now waking up----

The END of 400 Years of European Meddling and Predation in America

In March, the IMF's governmental services corporation doing business as the UNITED STATES (INC.) went insolvent. It was entered into Chapter 11 without naming a Successor to Contract. That left the "federal" side of the Constitution vacant and flapping in the wind.

The intention of the perpetrators is obvious. They meant to void the Constitution once and for all.

So, what to do?

We had already delivered Due Process to the IMF dba UNITED STATES and its franchises, resulting in a proper Judgment of Commercial and Administrative Default.

We had already entered a properly constructed claim in commerce to claim back all the assets naturally belonging to the American people.

We formed an alliance with the Lakota and the Athabasca, two of the largest Native American nations----which are "federal" and which have internationally recognized tribal governments, and we filed Sovereign Letters Patent and a Declaration of Joint Sovereignty.

The Constitution was saved and a new foundation begun.

The Native Americans are now free to come home to land that they were "removed from", no longer POW's, they have regained their sovereignty as free, sovereign and independent people living on the land.

The united States of America and the free, sover-

eign and independent people living on the land of the organic states have regained their sovereignty in the international jurisdiction of the sea.

For the first time since 1789 Americans are in full control of both their natural land and sea jurisdictions.

We are finally whole!

Those who have read our affidavit of probable cause, "You Know Something Is Wrong When....An American Affidavit of Probable Cause" know that the Founders cut a deal with the British King allowing him to retain control of nineteen enumerated essential governmental services, all in the jurisdiction of the sea.

This "split" the jurisdiction owed to American states and people and created two different populations of people from the outset---- the free sovereign and independent people of the United States and the British Subject inhabitants who remained to provide these services under the Constitution.

The so-called "Federal Government" was never a sovereign government. It was always an association of sovereign nation-states. And it was never our government though it was under contract to serve us. It was always a foreign government operating under the foreign jurisdiction of the sea and the equally foreign Law of the Sea.

So long as the British King remained honest and honored his obligation to us to act as our Trustee on the High Seas and Navigable Inland Waterways, the future remained safe--- but almost immediately the "Troubles" began, as King George wiggled like a fish on a hook and sought to regain his position over the Americans.

Things appeared to settle down after the War of 1812, but by 1845, the then-Pope and the British King sealed a secret pact agreeing that the egalitarian American Republic was incompatible with the idea of Papal Supremacy and the Divine Right of Kings. The Secret Treaty of Verona was a grotesque, criminal,

and highly secret Breach of Trust by both the British Monarch and the Holy See.

Within 15 years members of the American Bar Association loyal to the British King had elected Abraham Lincoln, a lawyer, to the Office of President of the United States --- CEO of the commercial trading company deceptively called the United States (Trading Company) ---not the land, not the country, not the organic states, and not the people. The actual Constitution already had provisions denying any member of the Bar any public office, so in Lincoln's case the only "Presidency" he could occupy was as the CEO of the trading company doing business as the "United States".

It is not a mistake that Abraham Lincoln led our country into a vicious Civil War, the results of which we are still dealing with 150 years later. The Civil War was not about ending slavery, as you can see by closely reading the 13th Amendment of the corporate "Constitution" called the "Constitution of the United States of America" adopted by the perpetrators of all this criminality, betrayal, and fraud in 1868.

Though loudly proclaiming the abolishment of slavery, the 13th Amendment of this federal corporation document (which is actually a corporate by-law) goes on to enshrine slavery as a permanent part of the newly formed federal corporation doing business as The United States of America, Incorporated's form of law. It makes criminals slaves and leaves the corporate "Congress"--- an elected Board of Directors---free to define who the criminals are.

A close reading of the 14th Amendment shows that they made everyone who was a United States Citizen (Federal Citizen) a criminal by definition, a slave by definition, and a debtor, too. To this day, when these vermin bring innocent Americans into their private corporate tribunals (which are misrepresented as public courts) the charges are addressed to "persons" named after the victims. These "persons" are legal fiction entities defined as public trusts and more recently as public transmitting utilities---and they are already guilty by definition.

This is why it does no good for anyone mischaracterized as a "United States Citizen" to claim the guarantees of the actual Constitution, and why these courts do not hear any of the laws or the facts of any case and also the reason that their own court rules for judges admonish them to provide "an appearance" of Justice where there is none. All that is really going on is a determination of how much these criminals will charge you for their "service" and whether or not you will be "impounded" as cargo or held ransom as chat-

tel backing the debts of their corporation.

This heinous crime, duplicity, Breach of Trust, enslavement, and merciless abuse of the American people has gone on for 150 years and since the 1930's things have only gotten worse. Until now.

The very mechanism they hoped to use to finish us off was turned against them. We slipped in, invoked our true standing, formed the new federal alliance, issued the new Sovereign Letters Patent, issued the new Declaration of Joint Sovereignty--- and booted both the British and the French off our shores once and for all.

Our answer came by Divine Providence, even as representatives of the Wells Fargo Bank (owned by the US Attorney General) were claiming that the united States of America no longer existed, that we no longer had a national currency in circulation, that all the Americans had "voluntarily" given up their birthright and accepted the slave status of "United States Citizens", that our land was "abandoned property" and the Secondary Creditors of the bankrupt UNITED STATES governmental services corporation should be allowed to come in under color of law and claim our land, our homes, our businesses and everything else to pay the debts run up under conditions of fraud by the IMF doing business as the UNITED STATES.

A few weeks later Jacob Rothschild showed up. He assumed he could just cut a deal with the IMF and move into place as the Successor to Contract and begin the long-planned seizure of our land and other assets via the use of commercial mercenaries disguised as employees of our lawful government----- just like what is going on in Oregon now with the Uranium land-grab and the fake "FBI".

The "FBI" like the "BLM" are just brand names of old used-to-be units of other governmental services corporations long gone. They've been run under color of law for years as private security and property management subcontractors of the IMF dba UNITED STATES and its corporate municipal franchises. Those men shooting and threatening people in Oregon are private commercial mercenaries acting under color of law, impersonating government employees.

That thing is Washington, DC that you were misled to believe was "your" government and which you trusted accordingly was never your government. It has always been an abusive and criminally mismanaged foreign government perched on our shores, here under contract to provide "essential governmental services".

We are not responsible for the debts of this foreign entity and we have repudiated them accordingly. All we ever owed the UNITED STATES were reasonable fees for nineteen services-- most of which we never received.

It was our distinct pleasure to inform Mr. Rothschild that other arrangements have been made and his offer to act as Successor to Contract was accordingly refused.

We will be providing our own services and taking care of our own business and our own people from now on.

The drive is on to reclaim and repatriate all American assets to America and to Americans. The Bank of International Settlements has already agreed, the World Court has already alerted all six branches, and an initial brief has been filed. The American Armed Forces have been alerted and true Americans from every walk of life and corner of the globe as well as friends from around the world are rallying to our assistance.

The world is waking up, led by tiny Iceland, and now by the Americans. We have lived for a long time under the thrall of criminals, as have many other nations. The British and the French, the Germans, the Japanese, the Canadians, and the Aussies---- all direct victims of this same fraud and criminality, while the rest of the world has suffered both directly and indirectly from this plague of dishonest politicians, corrupt judges and the banks which have functioned as crime syndicates.

Please do your part to support this mighty effort to restore the peace, prosperity, and health of the whole Earth and the people living on it. Together, we are all the True Sovereigns--- born to learn who we are, born to learn how to rule ourselves, born to be caretakers of each other and our beloved planet.

Please print, post, send, carry, do whatever it takes to inform every American. Especially inform all members of the police, the military, the so-called "law enforcement agencies", the clergy, the community leaders, school officials, everyone who needs to know.

DO NOT FOLLOW ANY "ORDERS" TO HARM AMERICANS. THOSE WHO DO WILL BE TRIED FOR WAR CRIMES AND FACE THE DEATH PENALTY JUST LIKE THE NAZIS AT NUREMBURG.

If you have resources, knowledge, or skills to offer, please stand by. There will be needs aplenty in the days to come. There may be possible disruptions of public services, possible disruptions of supply chains, possible confusion and very probably misinformation spewed by the Mainstream Media which is owned entirely by international corporations that have benefited from the fraud and very obviously failed to do their real job.

It is either criminally stupid or a purposeful malig-

nant circumstance when all a country's major news organs are owned by foreigners. Now that you know that fact, turn the knob. Take everything these talking heads say with two grains of salt, use your own brain and common sense.

Trust in yourself, your abilities, your skills, your friends, your families, your communities, your most cherished ideals, your fondest hopes. If you are like most Americans you will feel panic and anger and confusion when you realize just how close we have come to total disaster.

Believe in the Magnum Mysterium, the True God, the Great Spirit that shares One Life with all of us with One Love that is truly Divine.

Walk forward now, together, hand in hand, and fear no evil. When the Truth comes what is False must pass away.
