Subject: Crackpot Arnie Rosner  A case study - The anatomy of classic disinformation
26SEP16-arnie rosner writes:

Permit me to introduce some of the people behind, who I believe, may be producing false information on the Internet. As the same dumb old man who knows nothing I freely admit this is speculation. But then...considering the numerous and recent attempts to obscure recent events of this nature, isn't speculating one of the legitimate tools we have to use?

Cast of characters in this particular drama:

1. Ladybyrd0922@aol.com - First published the information in question
2. <arnie@arnierosner.com> - Republished information
3. wethepeople@aol.com - Responded to arnie
4. John - Responded to arnie
5. becraft@hiwaay.net - publishes his Subject: Crackpot Arnie Rosner
6. carl@yln.tv - Responds to Larry Becraft - Bar Card Attorney. A paid character assassin?
7. bob@bobhurt.com - Writes to Carl in defense of Becraft and attempts to add credibility to the efforts of the Bar Card Attorney/character assassin Becraft
8. carl@yln.tv - Responds to bob@bobhurt.com - who actively promotes his own special financial interests as revealed by his promotions listed with his signature.
9. There are many others too numerous to mention at this point but it does give one a sense of perspective on how we unwittingly function as useful idiots. BRAVO! I say bring it on!

Permit me to summarize a bit. And remember this is just my speculation as an old man who knows nothing:

- Only 2 email address in just this thread appear to have an financial gain attached to what they communicate. The Bar Card member, Larry Becraft and the self-promoter; Bob Hurt.
- This exchange is definitely an example in point to visualize how part of the propaganda apparatus works.
- Everyone else is just attempting to educate the public as to what we are provided as what we are led to believe is legitimate information.
- The sources in this case were not mere accidents. They were deliberate efforts to deceive.

I leave you the American sovereign to sort this all out.

Bob,

I understand what you are saying. Try and understand this…

I have personally helped compile some of what Anna puts out as fact. Not all but some. Her take on matters remains a HUGE question mark for both Arnie and myself. Unlike Arnie, she definitely has an agenda that one can see if reading between her lines. All, including Larry have such an agenda and I look at both with questioning eyes. Truth be known, they may seem to be on opposite ends of an historical perspective but both are guilty of manipulating truth for their own purposes. I’m reducing things to deal with these two in particular. Arnie merely stirs things up and reports on the results.

This response is to remind you that the truth of the matter is a three legged stool or perhaps a Pyramid with three equal sides. Failure on our part to see all three components is the age old recipe for disaster.

I will not be distracted by the Larry/Anna Circus because I’m certain that neither can embrace the unadulterated truth. Both work towards their own variation of societal control. Larry through the BAR and Anna through the “Church”. Both are equally complicit in the nightmare we are living in and the results of their dialogue are manifest in the unfolding daily events we witness.

The legal profession has created the shield that protects the Global families/Bankers and the religious aspect does exactly the same thing. This is why I remain convinced that the third leg in this… We the People, must prevail and re-craft a Confederation wherein the people are rightly taking their lead role in all of this.

The tools are there for us to use and we’ve discussed how that works. I’m not going to sit here and take the time to determine which of these two is more right than the other since both give only lip service to the true genius of the founding documents. Regardless of how slanted and bastardized they have become. It’s not up to Larry to mitigate or Anna to indoctrinate. It’s up to the people to cast aside their preconceived notions and return to the job at hand which is putting both back into their cages where they belong and below the authority granted us by our creator.

I appreciate your reaching out to me and it is in the spirit of that dialogue that we proceed.

Carl, Larry has spent a monumental amount of time debunking the lies and nonsense people like Anna initiate, promulgate, and promote. I have debunked some of it myself. It is a never ending battle. People call me nearly every day for help with mortgages and most of them have swallowed mythology hook line and sinker (like the vapor money theory or the evils of securitization), and of course, the courts trounce them for it. READ http://mortgageattack.com and look at some of the blog articles (like the one on vapor money).

The point : People must resort to courts to resolve legal disputes, and while some judges might go rogue, most try to do a good job, and most know more about the law than most lawyers do. So it makes no sense to go at them with a figurative axe, claiming all of them are crooks just because they enforce the contract a borrower agreed to in writing.

Larry is one of the few attorneys to give the so called patriot community the time of day. LOOK at the work he has put into educating patriots.

Bob Hurt.

Larry, Larry, Larry,

Assault after assault is all I ever get from you in these threads. Is it that important that those receiving this view you in some sort of high esteem? Must be since I’m yet to see you venture any legitimate actions to correct the nightmare created by your BAR card carrying friends.

If you really do consider the information put forward by Arnie, Anna, and anyone else not in lock step with your reality, why waste your time? They are obviously (according to you) not worth giving the time of day. Or could it be that their truth is a direct threat to your protected existence, being part of the leisure class and all.

There remains a growing segment of the population that is getting wise to the legal criminal cabal and no matter how much you whine and cry and carry on they and I will continue to explore and share the truth as we have come to know it. Our truth which is definitely not yours. So, when you can rationally and logically deal with the one truth attached here and come to a reasonable conclusion involving some realistic action…

SHUT THE F#$K UP!!!

All you do is sound more and more like the Fogbow enemy to this union of States. Also, like Fogbow, your writings are making me think you share their problem with drugs since your reality is so seriously screwed up.
In the movie Snow White and the 7 Dwarves, the wicked witch presented a pretty apple to get Snow to bite into it, which she did. The only problem was the poison inside, and this is a simple example of deception. In this movement, it is extremely common for crackpot “gurus” to make appeals to patriotism to garner a following, thus presenting the "apple" to the gullible. But, too often they are also spreading nonsense and trash. This “trash” is the poison, really cobra poison.

You forwarded a note that stated that Prez Obummer had recently signed an executive order "which revokes the federal government’s official recognition of the Pledge of Allegiance." Arnie and his friend wrote:

You got this from Crackpot Arnie Rosner. The article at the above link claims that the pledge was abolished via executive order. Here is the truth.

The executive order mentioned in that article is attached, as well as the original one it amended. It specifically concerns labor laws and has nothing to do with the pledge of allegiance. The article is a blatant lie (excepting that part making fun of Obummer).

Crackpot Arnie is one of the “gurus” I note above, in addition to being a liar, conman and fraud. He promotes arguments offered by Fake Judge Anna, and I address just a few of her fabrications here:

http://home.hiwaay.net/%7Ebecraft/FakeJudgeAnna.html

This movement is getting a bad name as a result of the nonsense promoted by the gurus.

And...on the plus side...Your notice provided the opportunity to expose the lies of intimidation and coercion used by these criminal impostors. Can there be any doubt left with whom we the people are dealing?
