Eternal Good Neighbors,

Recently, the Director of the Dallas Council on American- Islamic Relations (CAIR), Mustafa Carroll, made a surprising and shocking statement during a Muslim rally in Austin, Texas. He firmly believes that the message of the Qur’an is supreme over the United States Constitution. The statement would be shocking to most citizens of the United States unless they had some perspective on who CAIR really is. He said, “If we are practicing Muslims, we are above the law of the land.”

CAIR is the nation’s largest Muslim civil liberties and advocacy organization. Their headquarters is located in Washington D.C. They use lobbyists, the media, and action alerts to promote a positive image of Islam in America during a time when Radical Muslims (ISIS) in other parts of the world are crucifying children in the name of Allah, and quoting the Koran (Though the Obama Administration has a hard time calling it ‘Radical Islam’ for fear of offending regular Muslims).

In 2007 the Holy Land Foundation trial found the Holy Land Foundation Charity guilty of funneling millions of dollars back to the terrorist organization Hamas. Interestingly enough, CAIR was among the organizations named during the trial as unindicted co-conspirators. To put that into perspective, the 37th president of the United States, Richard Nixon, was named an unindicted co-conspirator during the Watergate Trial.

In 2011 and 2012, during an event that The Blaze covered extensively, Islamic institutes coordinated with the White House to target the counter terrorism training within the FBI. The event was called ‘The Purge,’ and the result was the removal of more than 700 documents and 300 presentations. Some of the presentations removed included information about Al Qaeda and the trainers within the FBI were allegedly not given the opportunity to appeal when their presentations were rejected. They were not even allowed to know who it was that was objecting to their work. CAIR was one of the institutes that pushed for this event.

In 2014, the United Arab Emirates placed CAIR, along with 81 other groups, on its

list of terrorist organizations. Some believe the action was to done to show a stand against the Terrorist Organization, the Muslim Brotherhood, who seized power in Egypt during the Arab Spring. It should be noted that members of the Obama Administration openly endorsed the events in Egypt that led to the Muslim Brotherhood taking power, likening it to the Civil Rights Movement in America. It has been suspected that CAIR has had ties with the Muslim Brotherhood, and currently, the Obama administration is working to get CAIR removed from the list of terrorist groups.

The world has seen many movements that believe they are above the law of the land. Everything from religion (ISIS) to atheism (Church burnings), from Nationalism (Nazis) to Communism (Stalin), and from Judges who do not follow the Constitution (Roberts) to members of Congress who openly admit to not reading the bills they sign into law (Pelosi). The world has seen unimaginable horrors when these ideas take root, and if Mustafa Carroll is expressing the unofficial and “hidden beliefs” of his organization, that practicing Muslims are above the law, it would only make sense that CAIR was formally meeting with and advising a man in the White House via Valerie Jarrett (http://www.judicialwatch.org/blog/2015/06/communism-in-jarretts-family/) who also believes both she & he where above the law of the land.

So, let's comprehend exactly what the social compact that brought forth the Republic for which it stands says about religion that many of the founders thereof, whose ancestors had historically fought for thousands of years:

**Sharia Law vs. the Constitution**

**Article VI: The Constitution is the supreme law of the land**

- **Constitution Article VI:** “The Constitution and the Laws of the United States which shall be made in Pursuance thereof, and all Treaties made or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land, and the Judges in every State shall be bound thereby.”

- **Shariah:** “The source of legal rulings for all acts of those who are morally responsible is Allah.” (a1.1, Umdat al-salik or the Reliance of the Traveller, commonly accepted work of Shariah jurisprudence. “There is only one law which ought to be followed,
and that is the Sharia.” (SeyedQuth); “Islam wishes to destroy all states and governments anywhere on the face of the earth which are opposed to the ideology and program of Islam regardless of the country or the nation which rules it. The purpose of Islam is to set up a State on the basis of its own ideology and program.” (SeyedAbulA’alaMaudadi)

First Amendment: Freedom of religion

• Constitution: First Amendment: “Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof.”

• Sharia: “Those who reject Islam must be killed. If they turn back (from Islam), take hold of them and kill them wherever you find them.” Quaran 4:89; “Whoever changed his (Islamic) religion, then kill him” Sahih al-Bukhari, 9:84:57. In historic and modern Shariah states. Shariah law enforces dhimmi status (second-class citizen, apartheid-type laws) on non-Muslims, prohibiting them from observing their religious practices publicly, building or repairing churches, raising their voices during prayer or ringing church bells; if dhimmi laws are violated in the Sharia State, penalties are those used for prisoners of war: death, slavery, release or ransom. (o9.14, O-o11.11.Umdat al-salik).

First Amendment: Freedom of speech

• Constitution: First Amendment: Congress shall not abridge “the freedom of speech.”

• Sharia: Speech defaming Islam or Muhammad is considered “blasphemy” and is punishable by death or imprisonment.

First Amendment: Freedom to dissent

• Constitution: First Amendment: Congress cannot take away the right of the people “to petition the Government for a redress of grievances.”

• Sharia: Non-Muslims are not to harbor any hostility toward the Islamic state or give comfort to those who disagree with Islamic government.

Second Amendment: Right to self defense

• Constitution: Second Amendment: “The right of the people to keep and bear arms shall not be infringed.”
• **Shariah:** Under historic and modern dhimmi laws, non-Muslims cannot possess swords, firearms or weapons of any kind.

**Fifth, Sixth and Seventh Amendments: Right to due process and fair trial**

• **Constitution:** Fifth Amendment: “no person shall be held to answer for a capitol crime or otherwise infamous crime…without the process of law.” Sixth Amendment guarantees a “public trial by an impartial jury.” Seventh Amendment: “the right of trial by jury shall be preserved.”

• **Sharia:** SalithSahih al-Bukhari: Muhammad said, “No Muslim should be killed for killing a Kafir (infidel).” Non-Muslims are prohibited from testifying against Muslims. A woman’s testimony is equal to half of a man’s.

**Eighth Amendment:** No cruel and unusual punishment.

• **Constitution:** Eighth Amendment: “**nor cruel and unusual punishments inflicted.**”

• **Sharia:** Under Sharia punishments are barbaric: “Cut off the hands of thieves, whether they are male or female., as punishment for what they have done – a deterrent from Allah.” Quran 5:35; A raped woman is punished: “The woman and the man guilty of adultery or fornication-flog each of them with a hundred stripes” (Sura 24:2).

**Fourteenth Amendments: Right to equal protection and due process**

• **Constitution:** Fourteenth amendment: “No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States, nor shall any State deprive any person of life, liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws.”

• **Shariah:** Under dhimmi laws enforced in modern Shariah states, Jew, Christians and other non-Muslims are not equal to Muslims before the law. Under Sharia law, women, girls, apostates, homosexuals and “blasphemers” are all denied equality under the law.

Therefore, the sovereign people of America have
established the Supreme Law of the Land of the United States is, the 1787 Constitution of the United States for the United States of America. Islamic Sharia Law is the law of the land in several countries around the World. Before any discussion about religious ideology can take place, there first needs to be a POLITICAL discussion, regarding the "law of the land."

To put the problem in its proper perspective, one needs to consider the POLITICAL aspects of Islam and its Sharia Law, as Sharia Law is the POLITICAL arm of the "Islamic" religion, and the only way Sharia Law has any force whatsoever, is by being the law of the land, otherwise people will reject Sharia Law overwhelmingly. The end of Sharia Law is just around the corner and the educated Islamic faithful know it, while the uneducated blind followers do not have a clue, because as we have stated many times, about 1300 years ago, Islam leadership made a fundamental change in its reasoning, when Islam reversed itself from, reasoning controlling the Koran, to the Koran controlling reasoning. With that in mind, now one can see where the intolerance of Islam in relation to other belief systems of whatever flavor, comes from.
The problem with Islam and Sharia Law is, the Islamic religion adherents want to use the United States Constitutional guarantee of Freedom of Religion to support their alleged right to promote by force and coercion, under color of that Constitutional Religious Freedom, Sharia Law as the "law of the land" for the United States, over the objection and without the consent of the (governed) "people of the United States," thereby replacing the 1787 Constitution of the United States for the United States of America, as the Supreme Law of the Land for the United States. This action causes a TREASON to the 1787 Constitution of the "United States for the United States of America," under the accepted definition of TREASON, "a change of allegiance."

Before any individual, person, or ideology can claim any benefit, privilege, immunity or protection religious or otherwise, from the 1787 Constitution of the United States for the United States of America, that individual, person or ideology has to agree to follow, defend and support the said 1787 Constitution of the United States for the United States of America, and not cause, or be the cause of any violations of that 1787 Constitution of the United States for the United States of America, by
any means whatsoever.

THEREFORE, because Islam and Sharia law cannot pass constitutional muster of the 1787 Constitution of the United States for the United States of America, the only pragmatic solution is to entirely eliminate Islam and Sharia Law from the land of the continental United States, the practices of the Koran and the Koran need to be banned from the United States, the Islamic mosques torn down, and the Islamic people expatriated from the land of the United States.

There are plenty of countries where Sharia Law is practiced and the Islamic people can be expatriated to those places. The United States needs to follow the country of Japan in its Islamic and Sharia Law policies. There is nothing good, about or in Islam or Sharia Law for any of the United States.

Failure, of the people of the United States to realize that religion is the bane of society which has been used by every perfidious leader historically to enslave the people of Earth, will most assuredly lead the people back into slavery thereby!
Our ancestors of happy memory were tired of constantly fighting & dying for religious causes that only further enslaved them to whatever tyrant strong enough to force them into involuntary servitude thereto, only to return from these wars further enslaved to every tyrants whim thereof.

America and the world are facing a very serious problem....., the lack of a true educational foundation of the classics to truly comprehend the reality billions face. And without comprehending your predecessors historically & honorably speaking, you are most assured to repeat the same mistakes that has cost the lives of billions down the eons of Man's historical fight to overcome both religion and the tyrants who claim to speak for whatever god!!!!!!!!!!!!!!!

Our humble alliance was created to directly challenge both the internal and external treasonous chaos afoot but people simply do not fully comprehend the nature of the political reality of religion, whether Christian, Muslim or otherwise. And most assuredly, they fail to comprehend the fact that the U.S. Constitution preempts both corporate State & Municipal positive laws!!!!!
"The 6th article of the constitution of the United States declares, that the laws made in pursuance of it, 'shall be the supreme law of the land, anything in the constitution, or laws of any state to the contrary notwithstanding.' By this declaration, the states are prohibited from passing any acts which shall be repugnant to a law of the United States." McCulloch v. Maryland, 17 U. S. 316, 361 (1819)."

It is without question that America is facing a serious infiltration of ideological invasion of a "religion" unnatural nature that fosters TREASON by force both against the Supreme Law of the Land and Nature's Law & Nature's (Creator/Creative) Science of Right Reason that all walks of life are equally entitled to naturally speaking. While at the same time, America now faces another second prong seeking to further destabilize the social compact our forefathers left via the Republic for which it claims to support.

Consider:

Not being told to these American people about this grave danger now facing them, is that Mexican President Enrique Pena Nieto was put into power by the Juárez Cartel [ENG], the Catholic Church has long exercised top-down dealings with drug cartels

(condemning them in public, but colluding with drug criminals on the ground). Former Mexican Secretary of Foreign Affairs, Jorge Castañeda Gutman, is now openly proclaiming that these drug cartels are being unleashed on the US to destroy President Trump, and former Mexican President Vicente Fox justifying this coming death and destruction by saying Trump is Adolf Hitler and the Republican Party are all Nazis.

Aiding the infiltration into the United States of these highly trained Mexican drug cartel “sniper hit teams”, George Soros—who has paid $500 million to secret these elite killers into what are called “sanctuary cities” where forces loyal to President Trump will not be able to find them, and that astonishingly number in the hundreds—including California that is preparing to make their entire State a hideout for these international assassins. Should these Vatican-Soros-Clinton led Mexican drug cartel assassins be successful in killing Freemason leader President Trump, and/or committing mass murder of leftist protestors (cannon fodder), this report further warns, European Union military forces are preparing to invade to the United States to “restore order”, and that EU President Donald Tusk has now provided the legal justification for by his declaring that America is now
one of the most dangerous nations in the world.
And with the EU having ordered the creation of this “Military Schengen” army shortly after Freemason leader President Trump was elected this past November, this report gravely warns, horrifying reports from Germany are now showing that these “officers and soldiers” being prepared to invade American are being indoctrinated into “Nazi occult sex magic” practices—and as one shocking report details by stating: “The female officer reported that that the instructors forced them into “completely senseless and sexually motivated exercises” that involved soldiers inserting tampons into their anuses. Both male and female recruits were subjected to the abuse. These “drills” were also filmed. The troubling practices also included soldiers being tied down for hours and hosed down with water.”
With President Trump still showing no signs of backing down against these monsters and appointing as his EU ambassador Theodore Roosevelt Malloch, who is vowing to bring down the European Union “like he brought down Soviets”, leaves us questioning whether America’s new leader can win this war as the mass numbers of people in the United States still remain asleep as to the full, and global, horrors going on all round them (that none of them can believe is true)—and exactly like the
German peoples in the 1930’s–1940’s who didn’t awaken until their country had been completely destroyed—after which, of course, they woke up to the true and horrible facts of the pure satanic evil all around them, and at the cost of over 60 million human lives.

All our best,

Arthur
