Summary:

Ted Cruz lays out a laser targeted list of 76 unconstitutional offenses committed by Barack Obama and his willing accomplices in Washington.

More Details

In May of last year Republican Senator Ted Cruz released a definitive list of 76 “lawless Obama administration actions” and abuses of power. Titled “The Legal Limit Report No. 4, The Obama Administration’s Abuse of Power,” the original document spans 16 pages and explores details of President Obama’s executive actions and memoranda up to that point in time.

Some of these most readers will be familiar with while others, such as #42 which reminds us Obama dismissed charges filed by the Bush Administration against New Black Panther Party members or #72 which reveals Obama arranged for the supervised release of an illegal alien who later killed a nun while driving under the influence, may come as news to many. Actually, there are many of these which are eye openers and all of them are fully verifiable.

Cruz’s introduction is also a breath of fresh air after 6 years of a stagnant media, rooted in it’s own politically partisan convictions, which refuses to squarely report on the facts of the current ‘blue cloth’ administration’s shortcomings and instances of policy overreach.

THE LEGAL LIMIT: THE OBAMA ADMINISTRATION’S ATTEMPTS TO EXPAND FEDERAL POWER

By U.S. Senator Ted Cruz (R-TX) Ranking Member Senate Judiciary Subcommittee on The Constitution, Civil Rights and Human Rights

Introductory Remarks:

Of all the troubling aspects of the Obama presidency, none is more dangerous than the

President’s persistent pattern of lawlessness, his willingness to disregard the written law and instead enforce his own policies via executive fiat.

The President’s taste for unilateral action to circumvent Congress should concern every citizen, regardless of party or ideology. The great 18th-century political philosopher Montesquieu observed: “There can be no liberty where the legislative and executive powers are united in the same person, or body of magistrates.” America’s Founding Fathers took this warning to heart, and we should too.

Rule of law doesn’t simply mean that society has laws; dictatorships are often characterized by an abundance of laws. Rather, rule of law means that we are a nation ruled by laws, not men. No one—and especially not the president—is above the law. For that reason, the U.S. Constitution imposes on every president the express duty to “take Care that the Laws be faithfully executed.”

Rather than honor this duty, President Obama has openly defied it by repeatedly suspending, delaying, and waiving portions of the laws that he is charged to enforce. When President Obama disagreed with federal immigration laws, he instructed the Justice Department to cease enforcing the laws. He did the same thing with federal welfare law, drug laws, and the federal Defense of Marriage Act.

In the more than two centuries of our nation’s history, there is simply no precedent for the White House wantonly ignoring federal law and asking others to do the same.

For all those who are silent now: What would they think of a Republican president who announced that he was going to ignore the law, or unilaterally change the law? Imagine a future president setting aside environmental laws, or tax laws, or labor laws, or tort laws with which he or she disagreed.

That would be wrong—and it is the Obama precedent that is opening the door for future lawlessness. As Montesquieu knew, an imperial presidency threatens the liberty of every citizen. Because when a president can pick and choose which laws to follow and which to ignore, he is no longer a president.

4. Allowed immigrants in the U.S. illegally, who are relatives of military troops and veterans, to stay in the country and get legal status.

5. Extended federal marriage benefits by recognizing, under federal law, same-sex marriages created in a state that allows same-sex marriage even if the couple is living in a state that doesn’t recognize same-sex marriage.

6. Recognized same-sex marriage in Utah, even though the Supreme Court stayed the court order recognizing same-sex marriage in Utah and Utah said it would not recognize same-sex marriages performed before the stay.

7. Refused to prosecute violation of drug laws with certain mandatory minimums.

8. Issued signing statements, refusing to enforce parts of congressional-enacted statutes.

9. Illegally refused to act on Yucca Mountain’s application to become a nuclear waste repository.

10. Falsely portrayed the Benghazi terrorist attack as a spontaneous protest against an anti-Muslim YouTube video, and then lied about the White House’s involvement.

11. Illegally revealed the existence of sealed indictments in the Benghazi investigation.

12. Failed to enforce the Magnitsky Act as required by law, by not adding Russian human rights abusers to a list of people not permitted to travel to or do business in the U.S.

20. Illegally continued the Obamacare employer contribution for congressional staffs.

**Economy**
25. Ordered Boeing to fire 1,000 employees in South Carolina and shut down a new factory because it was non-union.

33. As of January 2012, 36 of the President’s executive office staff owed $833,970 in back taxes.

34. As of 2011, 311,566 federal employees or retirees owed $3.5 billion in taxes.

**Free Speech and Privacy**
35. Illegally targeted conservative groups for heightened IRS scrutiny.

36. Circumvented the Freedom of Information Act, by requiring White House Counsel review of all documents to be released under the Freedom of Information Act that the Administration believed pertained to “White House equities”—and then delayed in producing many of these documents by FOIA’s statutory deadline, or didn’t produce them at all.
