Mr. Koniz,

Thank you for bringing this extremely urgent matter into the proper focus. And thank you and all of our wonderful veterans for their service to our country. There are no words to fully describe our thanks and appreciation for their sacrifices, the pain and suffering endured, and sadly in some cases they even gave their lives in the service of our country. GOD bless our veterans and all of our men and women in uniform.

**Americans in uniform... true Americans honor you every day!**

Speaking as just one of the people, it pains me to bring to your attention, some of the reasons, I believe our veterans are in this deplorable situation. And while those who we elevated to positions of trust, the members of Congress, specifically, pretend they care and pretend to be sympathetic to honoring the moral and ethical responsibility and obligations most Americans feel towards providing the proper care and attention to those who put it all on the line for Americans, those same members of Congress, are not acting in the same good faith manner for which they were elected.

When the things people placed in positions of trust and honor, "say," do not materialize as committed, many Americans tend to write off such irresponsibility as politics. I look at such undelivered promises as criminal misrepresentation. Lies to gain the vote and the right to represent the people. If they fail to deliver on their promises, they have misrepresented themselves under false pretense. These are acts of criminals and not acts to be dismissed as politics.

Broken Promises are deliberate acts of criminals...they are crimes...not matters of politics.
Broken Promises are deliberate acts of criminals...they are crimes...not matters of politics.

Mr. Trump has already demonstrated the difference between a criminal posing as a politician and an American. Mr. Trump so far...has distinguished himself as one who speaks the truth and keeps his word.

By his example, Mr. Trump has established the minimum acceptable standard by which I expect all legitimate public officers, elected or appointed, to behave. Any individuals in such positions of honor and trust who do not live up to these expectations, in my view, must be identified as the criminals. And as criminals they must be immediately removed from positions of trust and have their delegated authority stripped away. Then they must be prosecuted to the fullest extent of the legitimate rule of law and not this artificially constructed system called “Legal,”

**Only LAWS are lawful. “Legal,” is fraud. | Scanned Retina – A Resource for the People!**

Mr. Koniz, the bottom line is...in my opinion...we have no legitimate government to address the concerns you so elegantly described. And it would be a great disservice to all of those who served our country so nobly, to build any false expectations of results to fix this problem, until, we as the people, the only legitimate authority, take the appropriate action to assist Mr. Trump in draining the swamp at all levels down to the local dog catcher.

Once a legitimate government is installed, and operating on the lawful and legitimate delegated authority of the governed...the American people, I sincerely believe the problems you have documented will be quickly resolved.

The people are in charge.
**Spectators NO MORE!!!...The People are the Final Arbiters.**

Thank you again for taking the time to bring this urgent matter to the top of the list. As we the people support Mr. Trump's effort to drain the swamp, many of these issues will quickly fade into the past.

arnie, just one of the people.

Now at this time let us demand the appropriate Legislation necessary, to Re-Set the Foundation of how to properly care for our returning from War Combat Duty Veterans; to a Benign Setting of; Bed Rest

name of Health Care, as to what is needed. The labeling of “Psychiatric Ward” is to be replaced by the Appropriate Wording of “Convalescence.” Our mission is to heal the traumatic nature of the suffering of our Veterans and to provide them with the best care possible.

This is a Call To Arms against the Psychiatric Ward War being waged by the VA against our returning home Veterans and to settle the matter once and for all that our Nation’s Wars are not fought without trauma and battle fatigue and without emotions of remorse and mourning. Our Veterans need intelligent and compassionate medical care and not to be thrown into the VA’s Psychiatric Wards to be labelled and thought of as insane deranged killers to be destroyed with Strong Anti-Psychotic Tranquilizers, and from there to be discharged back out into the streets as Homeless Veterans to Die, or to Commit Suicide, after they have served our country so bravely.

This War against our Veterans has to do with our U.S. Domestic Liberal Alliance having banded together with Anti-American Racial and Ethnic Foreign National Fronts, Drug Mafia, Terrorist, and Communist Enemy Fronts all siding together to the Overthrow of our Government for their various motives of aggression to be attacking us; and who have taken control of been in the control over the staffing of our VA Health Care System since the Vietnam War Era in their motives to deliberately destroy our Veterans and their Ability to Defend Our Homeland.

The Liberals, (and defined as; the Drug Warfaring Feminists, the Lesbian and Homosexual Transgender People, the Hostile Third World Immigration Overrun Interracial Procreation War; and the Heroin/Drug and Pornography Drug/Chemical Warfare Maﬁas,) have each banded together with certain Foreign National Powers and Medical Pharmaceutical Corruption against our Veterans to Psychiatrically Destroy their Honor and Will To Live on the theme of; "The Enemy of My Enemy Is My Friend," as displayed during the Post Inauguration Demonstrations.

Only the strong will survive here, and the power to take control rests with those who are strong enough to seize it. We have the "Competent Medical and Legal Authority" to prosecute our Veterans Case against the VA for the premeditated damaging of our Veterans Gray Matter. This is a very heinous crime the same as if someone were to be abducted and assaulted with Mind Altering Anti-Psychotic Tranquilizers and precisely what the VA is doing to our Veterans without recourse of legal defense and tantamount to the crime of kidnapping and lethal assault.

Our Veterans Psychiatric Defense is created from the 4th, 5th, 6th, 7th, and 14th Amendments ... "No person shall be deprived of life, liberty, or property, without Due Process of Law.” Is there anyone in the American Legal Justice System WHO DOES NOT UNDERSTAND AND COMPREHEND THIS CONSTITUTIONAL DEFINITION OF OUR FUNDAMENTAL RIGHTS OF LIBERTY UNDER GOD Regarding Psychiatric Fascism? You know it is a War On Us that we all have to defend against! Ipso Facto the Defend WE Must!

What the Government is failing to grasp here is that there is no such thing as stated: of a Failure To Enforce the Law being allowed to occur. “In a vast majority of cases the court system is not providing the checks and balances required by law to prevent persons from being held against their will for time periods of longer than 5 business days and Force Treated with Dangerous Chemicals on a Psychiatric Charge without the Due Process of a Court Hearing”. This is a Federal Crime of Failure To Enforce The Law of The Constitution. Laws in the U.S., and especially of a Constitutional Nature, are not subject to Discretionary Enforcement. Failure to enforce The Constitution is a violation of Federal Criminal Statutes (Title 18) subject to prosecution. Furthermore the term of Mental Illness cannot be putatively attached to anybody and used to discredit them without Due Process.

The Non-Responsiveness of our Government demands a stand-up force of Concerned Veterans set in motion to protect and defend our Active Duty Personnel and Veterans in the Illegally Incorporated U.S.A. from future and further Psychiatric Devastation at the hands of the VA Psychiatric Wards and Private Mental Health Institutions.

Immediate National Response in mandatory concerned Legislation to protect our Veterans is required in urgent decisive action to save their lives; and moreover to protect and defend The Constitutional Rights of all the Psychiatrically Accused here in America to enable all people to live here in Freedom free from the fear of any Tyranny to Oppress them; whether it be of a foreign enemy subversive design in premeditation, or of domestic

criminal mafia conspiracies, or from the Private Criminal Commercialized version of Incorporated America in which the profits of the Corporate Pharmaceutical Industry can buy our Politicians to sway and control the Government to force their lethal Psychotropic Pharmacy Chemical products upon the lives of our Veterans and many other hapless Americans; that Common Sense would show the Correct Path Of Reason about; to what that nothing seems to ever get done about because the Law Enforcement/Military Arms of our Government responsible to protect our citizens are controlled by the Federal Legislature who are themselves being controlled (Paid Off) by, and owing Allegiances to, Foreign Powers and Pharmaceutical Industry Campaign Contributions (and to the include support for the present pandemic subversion of Opioids) not to Intervene.

This Nation was founded by Dedicated People such as ourselves who mutually volunteered together to create a responsible government on the earth for all the people; and who put their lives on the line to ensure the success of its Liberty. Let us at this time in our history vow in our resolve not to let the vision of our Founding Fathers die and to work on and to resolve the many problems we face in these crucial times with maturity together, not only as it concerns our Service Veterans to save them from Psychiatric Ruination; but for the sake of our Great Nation to guard it against all harm as should befall it, to be undertaken as a duty with sacrifice in determination.
