My dear fellow Americans...

05-26-17-Greg Hunter: Takes off the gloves

05-25-17-Attn FCC Commission: FCC – The guardians of the public airwaves

What we are witnessing in Washington, is the equivalent of a filibuster strategy to delay any meaningful progress in draining the swamp. Efforts to enhance the disruption are being aided by certain media agents.

Now as it has been pointed out, so far...(and in much more more civil terms than they deserve)...those individuals who currently occupy the seats of what we as the people are led to believe are the lawfully elected representatives of the American people; by the fruit of their actions; demonstrate they are nothing more than criminal impersonators, taking money under false pretenses and committing fraud and treason against the American people.
05-26-17-The last chance?

But the details are now rising to the surface...How much longer can the local participators in this global scam going to try to hold on to the fraud?

05-24-17-The FRAUD OF WHICH ALL PUBLIC SERVANTS (LEGITIMATE OR IMPERSONATORS) ARE GUILTY?

Below are just some examples of past efforts to encourage public officers to reconsider their errant ways.

• The U.S. Congress’s Assault on Citizens – Letter to representative Rohrabacher

• Congressman Rohrabacher… Guilty of treason? Guilty of fraud?

• why-is-the-supreme-court-failing-to-uphold-the-constitution/

• The Travis Allen Affair – District 72 – California

• Your Extortion Payment is Enclosed

• An Open Letter to Fountain Valley Mayor Collins.

After 8 years of research and personal interviews...I can tell you flat-out...that to call these criminal impersonators as our legitimate representatives and lawfully representing the American people is a travesty of justice. It also demonstrates the extent of the fraud and criminal abuse in which these impostors have engaged in the past and are right now attempting to continue, in the name of politics, to sidetrack resolution of any items of a critical “national security” nature.

These delaying tactics are not political in nature. They are CRIMINAL! They are premeditated and deliberately orchestrated to disrupt the normal daily activity of legitimate government. These criminal acts of disruption are being perpetrated on the

Things about which you did not dare think-
American people with no regard for the safety and security of the American people.

Is not the primary purpose of government to protect and provide security for the people?

Since these impostors are doing nothing but pretending to act as members of a government, they can no longer be considered as lawful delegated members of a legitimate government. Permit me to make this clear...

My opinion...

The American people have not had a legitimate government operating with the delegated authority of the governed since around the 1860’s!

As the people, we have a critical responsibility to protect the Republic. In self-defense and in the interest of restoring peace and tranquility, we need to immediately remove those who are criminally abusing their delegated authority from any positions of authority. Then my dear Americans...we need to step up to the plate ourselves and either take the required action to restore a proper state of law and order...or create a legitimate government which is responsive to the American people and will act to protect our interests.

Remember this little brilliant tool provided to us by the founders...?

**The Unanimous Declaration**

We hold these Truths to be self-evident, that all Men are created equal, that they are endowed, by their CREATOR, with certain unalienable Rights, that among these are Life, Liberty, and the Pursuit of Happiness.– That to secure these Rights, Governments are instituted among Men, deriving their just Powers from the Consent of the Governed, that whenever any Form of Government becomes destructive of these Ends, it is the Right of the People to alter or to abolish it

Things about which you did not dare think-
Mr. Trump was elected by a mandate of the people. We must not permit a handful of subversive agitators who have been stealing the world blind, through deception and fraud for over 150 years, to continue this disruptive and criminally inspired strategy.

In order to regain some solid ground on which to stand and reformat our republic...
1. those who are motivated to criminally oppose supporting the people’s choice must be politically neutralized.  
2. Paid demonstrators and subversives for hire, bring no legitimacy or stability to the political playing field. They must be exposed for who and what they are and for what they are doing!  
3. Demonstrators for hire are misrepresenting and misleading the people. This is not part of a legitimate political process and the people themselves must reject these efforts.

The following enumerates the case for the unlawfully inspired attack on the American way of life. Judge Anna von Reitz, who represents herself as an Alaskan superior court judge of the land jurisdiction, presents the steps initiated by the twisted legal minds which along with the British Crown have secretly manipulated Americans to believe they were living in a free republic as free Americans. Our history both past and current has been marked by more lies, deception, treachery, tyranny, false incarceration and murder of innocent Americans.

However, may I place a perspective before you which you may wish to remember when you review this matter and apply your own personal judgement of those responsible for these crimes against the people...

And while the attorneys as Judge Anna suggests may have been the actual instruments of destruction, it is the responsibility of our elected representatives...to protect the interests of the American people.

DO NOT BE MISLED OR CONFUSED...

it is the members of Congress and it has always been the members of Congress who are the public officers, trustees and the fiduciaries who are 100% responsible and accountable to

the people to protect and safeguard the people and their interests...the public trusts.

**Public Service is a Public Trust...These are the rules by which public servants must comply!**

So let us be crystal clear in assigning guilt, blame and accountability for the crimes against the people Judge Anna has so well documented at the following link: [05-21-17-Judge Anna: Time Line of Territorial Fraud](#)

And consider this link in conjunction with what is presented at the link above: [The Plan...The Plan!](#)

And now let us render our judgement as the people for whom all of this has been created...

Remember, it is the people who own everything. It is the people who are in charge. It is the people who are the rightful, morale, ethical and “just,” beneficiaries of the American Republic.

And while it may be a contradiction at the moment, the great riches and treasures of our society, which belong to all of the people of our society, are not intended to unjustly and specifically enrich just our employees.

Transparent California is provided by the [Nevada Policy Research Institute](#) as a public service and is dedicated to providing accurate, comprehensive and easily searchable information on the compensation of public employees in California.

**Oversight for Congressional Oversight?**

As the clearly intended beneficiaries, of the public trust...a sacred trust to which all of our employees have an equally sacred duty and responsibility to protect and serve as honorable trustees, it is time we, as the people, establish a proper balance of the scales of justice and recalibrate the scales of responsibility and accountability as well.

There are many documented cases where our employees have been deliberately mislead and

improperly trained. In some cases, for the sake of raising private internal funding objectives, employees have been encouraged to even violate the public law established as code to regulate the employees performance and behavior.

**Measure HH**

**So what about the oath of office?**

It would appear that too many public administrators and officers fail to impress upon the public employee corp that regardless of the circumstances, a public employee must NEVER, forget by whom their agencies were lawfully created and by whom they were legitimately employed...Our employees are called public servants because they are in the service of the public...the people...the ultimate authority.

**THE BROWN ACT**

**SUMMARY OF KEY BROWN ACT PROVISIONS COVERAGE**

PREAMBLE:

- **Public commissions, boards, councils and other legislative 54950 Ch. I bodies of local government agencies exist to aid in the conduct of the people’s business.**

- **The people do not yield their sovereignty to the bodies that serve them. The people insist on remaining informed to retain control over the legislative bodies they have created.**

So after more than 200 years of abuse and deception, I say it is time to level the playing field. We, as the American people, have been the victims of a systematic imposition of tyranny designed to incrementally deprive the people of America of their creator granted rights. And it is time for those who have deliberately enriched themselves at the expense of the people to be provided an opportunity to make it all right.
05-26-17-The last chance?

So let us point to those we believe who are the guilty parties...and permit them one last opportunity to make amends...

Failing to accept the generosity and graciousness of the people, and immediate return to the de jure intent of our Republic, then let it also be clearly stated and understood, their failing to act in good faith and in a manner consistent with their responsibilities, their financial accountability, their morale and ethical accountability will be taken as a sign of their deliberate criminal intent.
