Who Owns America?

Nothing is as it seems…

Somehow, we have all been conditioned to believe that what once was shall always be. We believe that we are a free people, guaranteed our God-given rights declared in the constitution. We believe that when we vote, we are electing representatives of we the people, whom once elected become public servants. We believe that the house in which we live and the land on which we settle is our land, free and clear of our government’s tentacles. And we believe that the laws for which we allow ourselves to be governed by come from a legitimate law making body, with checks and balances and constitutional oversights.

But what if the above perceptions are in fact false?

And what if the reality is that the United States doesn’t even exist at all?

What indeed…

According to Executive Order 12803, signed by George H.W. Bush in 1992, The District Of Columbia – Washington D.C. (neither a state nor a part of the United States) was given the authority to privatize most or all of the infrastructure within the United States. This means that the federal government, or the corporation that acts in lieu of a federal government, can sell any city’s “assets” which were built with tax-payer monies including:

- Roads
- Tunnels
- Bridges
- Electricity supply facilities
- Mass transit
- Rail transportation
- Airports
- Ports
- Waterways
- Recycling/wastewater treatment facilities
- Solid waste disposal facilities

Things about which you did not dare think-
E.O. 12803 lists the above as examples of America’s salable and/or lease-able infrastructure. But this is not to be taken as a complete list, as these are just some examples.

E.O. 12803 names this authority in its destructive pages as “Infrastructure Privatization” and states that this power allows for the “…disposition or transfer of an infrastructure “asset” such as by sale or by long-term lease from a State or local government to a private party.”

In a previous blog article, I compared the 10 planks of the Communist Manifesto with various Executive Orders, Presidential Directives, Acts of Congress, and other legislation which, under a declared state of emergency (martial law) would put the very items listed above under immediate government control, ensuring the continuity of government (corporate rule). Read here: https://realityblogger.wordpress.com/2010/04/25/the-united-states-communist-manifesto/

If we then understand that America’s infrastructure has now been available for sale to foreign nations for 18 years, when E.O. 12803 was signed into law by the treasonous Bush family cartel, we might then get a picture of why everything seems to be getting so expensive and corrupt.

No longer should we be asking why our phone, electric, gas, water, sewage, waste management, tollways, parking meters, public transit, hospital bills, and general operating budgets keep going up-up-up in price… What we should be asking is who owns these once public utilities?

Is it possible that China owns the sewers? Can Mexico actually own our tollways and roads. Is Russia the proud new owner of Nevada?
These are the questions we should be asking…

And when one considers that “Housing” is one of the listed “assets” in the government’s list of examples, one must then ask whether the continued accounts of foreign troops practicing martial law drills across the country might be construed as foreign troops practicing takeover of the land for which they now own. After all, the real estate industry has recently been privatized into government hands. Is it not reasonable to assume that our “housing” includes the land for which those houses call home? And, knowing that your title or deed (you should read yours, especially the small print) states that you do not own the land or home you live in, that you are the tenant, and that it can be taken at any time by the corporate government through eminent domain for any reason, one must ask what will happen when China wants to claim the land for which it has purchased or been given in payment of the national debt.

Are Mexicans illegal immigrants if they are living on Mexico’s land purchased from under our noses through government deed? Could the push in recent years for a multi-cultural mindset and global population in the United States simply be to acclimatize us for the reality of America’s sale and eventual take-over from these foreign entities?

We know that many of our interstates and roadways are already sold. We know that they are part of the N.A.F.T.A. system of inter-continental transport controlled through United Nations sanctions. And we know that Mexico gets tolls that are paid in the United States. So, if these roads are no longer in the public trust, instead being held by private corporations or foreign countries, where do our taxes go that have historically paid for the building and maintenance of this infrastructure? Are we paying taxes for not? Or are we giving our money to non-governmental and foreign corporations?

Why doesn’t the government actually fix the health-care system and start enforcing the safety regulations that supposedly apply to the health-care industry? Perhaps these hospitals aren’t on American soil anymore. Or perhaps the whole codified system of rules and legalities don’t mean a hill of beans. And isn’t it amazing and suspicious that most of our hospitals are packed full of foreign doctors?
Private prisons are plentiful, many owned by Halliburton subsidiary Kellogg, Brown and Root (KBR). Old Dick Cheney must be so proud of his legacy of the privatized prison labor business. And with more than 1% of our population in prison, business is booming. But how does one know if one is still in an American prison, with all of the rights and protections accorded thereof? Is rendition simply taking an American citizen to a foreign-owned prison on foreign land inside of America? So many questions can be answered by applying this Executive Order to the equation...

And finally, are our public schools being sold off to the highest bidder? This should frighten anyone with any sense of behavioral modification and the early childhood educational programing that takes place in our schools today. Considering the multi-cultural bias in most and the allowance of Spanish as a first language in some schools, we good little citizens must pause and wonder if our natural-born children aren’t indeed attending a foreign school in the middle of America!

These are scary thoughts indeed. But we should be asking these questions, and demanding answers for them. For at this point, if it is true that the United States of America ceased to exist long ago, then we have no legitimate government. We are in actuality living in a fictitious corporate state operating under the illusion of freedom and democracy, with no constitution in sight. Our independence is gone, as is our sovereignty. We are a people with no homeland. We have been sold out by our “trusted leaders”.

In reality, the international banks and the International Monetary Fund (IMF) is our government.

Here are a few other facts about the United States, referenced and stated simply. Check them yourself. And for more intense reading on these subjects, go here: [http://www.civil-liberties.com/books/index.html](http://www.civil-liberties.com/books/index.html)

The following list was copied from here: [http://home.iae.nl/users/lightnet/world/essays.htm](http://home.iae.nl/users/lightnet/world/essays.htm)

2. The IMF is an Agency of the UN. (Blacks Law Dictionary 6th Ed. Pg. 816)

3. The U.S. Has not had a Treasury since 1921. (41 Stat. Ch.214 pg. 654)

4. The U.S. Treasury is now the IMF. (Presidential Documents Volume 29-No.4 pg. 113, 22 U.S.C. 285-288)

5. The United States does not have any employees because there is no longer a United States. No more reorganizations. After over 200 years of operating under bankruptcy its finally over. (Executive Order 12803) Do not personate one of the creditors or share holders or you will go to Prison.18 U.S.C. 914

6. The FCC, CIA, FBI, NASA and all of the other alphabet gangs were never part of the United States government. Even though the “US Government” held shares of stock in the various Agencies. (U.S. V. Strang, 254 US 491, Lewis v. US, 680 F.2d, 1239)

7. Social Security Numbers are issued by the UN through the IMF. The Application for a Social Security Number is the SS5 form. The Department of the Treasury (IMF) issues the SS5 not the Social Security Administration. The new SS5 forms do not state who or what publishes them, the earlier SS5 forms state that they are Department of the Treasury forms. You can get a copy of the SS5 you filled out by sending form SSA-L996 to the SS Administration. (20 CFR chapter 111, subpart B 422.103 (b) (2) (2) Read the cites above)

8. There are no Judicial courts in America and there has not been since 1789. Judges do not enforce Statutes and Codes. Executive Administrators enforce Statutes and Codes. (FRC v. GE 281 US 464, Keller v. PE 261 US 428, 1 Stat. 138-178)

9. There have not been any Judges in America since 1789. There have just been Administrators.

Things about which you did not dare think-

30. Military Dictator George Washington divided the States (Estates) into Districts. (Messages and papers of the Presidents Vo 1, pg. 99. Webster’s 1828 dictionary for definition of Estate.)

31. ” The People” does not include you and me. (Barron v. Mayor & City Council of Baltimore. 32 U.S. 243)

32. The United States Government was not founded upon Christianity. (Treaty of Tripoli 8 Stat 154.)

34. Everything in the “United States” is For Sale: roads, bridges, schools, hospitals, water, prisons airports etc. I wonder who bought Klamath lake. Did anyone take the time to check? (Executive Order 12803)

35. We are Human capital. (Executive Order 13037)

36. The UN has financed the operations of the United States government for over 50 years and now owns every man, women and child in America. The UN also holds all of the Land in America in Fee Simple. (Get the Disks for the Essay and Documents.)
37. The good news is we don’t have to fulfill “our” fictitious obligations. You can discharge a fictitious obligation with another's fictitious obligation. (Get the Disks)

38. The depression and World War II were a total farce. The United States and various other companies were making loans to others all over the World during the Depression. The building of Germanys infrastructure in the 1930’s including the Railroads was financed by the United States. That way those who call themselves “Kings,” “Prime Ministers,” and “Furor.” etc could sit back and play a game of chess using real people. Think of all of the Americans, Germans etc. who gave their lives thinking they were defending their Countries which didn’t even exist. The millions of innocent people who died for nothing. Isn’t it obvious why Switzerland is never involved in these fiascoes? That is where the “Bank of International Settlements” is located. Wars are manufactured to keep your eye off the ball. You have to have an enemy to keep the illusion of “Government” in place. (Get the Disks and see the Documents for yourself.)

39. The “United States” did not declare Independence from Great Britain or King George. (Get the Disks for Documents and Essay.)

40. Guess who owns the UN? The disks have many more cites including Hundreds of Documents to verify the 40 statements above and numerous other facts. The Disks also include numerous Essays written by Stephen Ames and several other people that fully explain the 40 above mentioned facts. The Disks will clear up any confusion and answer any questions that you may have. The cites listed above are only the tip of the iceberg. Also included on the Disks are several hundred legal definitions because without them it is next to impossible for the non-lawyer to understand many of the Documents. Simple words such as “person” “citizen” “people” “or” “nation” “crime” “charge” “right” “statute” “preferred” “prefer” “constitutor” “creditor” “debtor” “debit” “discharge” “payment” “law” “United States” etc, do not mean what most of us think because we were never taught the legal definitions of the proceeding words. The illusion is much larger than what is cited above.

There is no use in asking an Attorney about any of the above because: “His first duty is to the courts…not to the client.” U.S.v Franks D.C.N.J. 53F.2d 128. “Clients are also called “wards of the court” in regard to their relationship with their attorneys.”Spilker v. Hansin, 158 F.2d 35, 58U.S.App.D.C. 206. Wards of court. Infants and persons of unsound mind. Davis Committee v. Lonny, 290 Ky. 644, 162 S.W.2d 189, 190. Did you get that? An Attorneys first duty is not to you and when you have an Attorney you are either considered insane or an infant.
