Dear Virginia,

Thank you for writing. Your kind suggestion will be considered.

How clever of you to use such subtlety to promote Consortiumnews.com. Such cleverness should be rewarded...but isn’t that a bit unethical? Naughty...naughty...

But first in the way of my civic duty...

Sorry to break the news to you in this manner...but I would be totally irresponsible if I just glossed over the truth...

- Not only is there no Santa Claus...
- There are no legitimate governments of the American people operating with the delegated authority of the governed...at any level.

So for that fact...are you not also playing let’s pretend by ignoring the truth? We have impostors all pretending to act and speak for the people but they seem to have no credentials...
Isn’t that a matter of fraud? A matter of crimes against the people and nothing what-so-ever to do with politics?

Dear Arnie,

Thank you for your strong comments about how the American people are being so duped by criminal Congress, et al, at http://www.thepostemail.com/2017/07/26/fitzpatrick-dispatches-treason-complaint-special-counsel-mueller-ag-sessions/

I’m a regular reader of Consortiumnews.com and I highly recommend that you take a look and make your strong comments there along with multiple other very bright investigative journalists and commentators. What you have to say is so needed. Now, why is it I’m just hearing about Fitzpatrick’s suit against Mueller
when it was filed in late July? Hope it hasn’t been buried by DoJ and MSM.

Again, thank you.
