What pitiful lot of elected individuals that have failed the people of this nation.

Is there not a single American Patriot in the entire 111th Congress? Is there not a single member of Congress that will put the fate of this republic before their own selfish, miserable political careers? All incumbents are pretty much all done for as it is.

Cowering in the corner hoping not to be thrust into a position where they might be perceived as a threat to the leftist regime. Trying to desperately avoid the Alinsky retaliation by the Obama administration via the DCCC.

What has become of our American Patriots?

Here is documented evidence the Obama administration has engaged in bribing a member of congress. A federal crime. Since government corruption is the responsibility of the FBI I am confident you know what to do.

The real Americans that we left in poverty as you. How do the right thing!
Congressman Issa,

Today I called to congratulate you on taking a step towards calling the administration on the documented corruption. Your presentation on YouTube was impressive. http://www.youtube.com/watch?v=VJLejs_0ZRo&feature=player_embedded

Please feel free to do your thing. Don't let anything but fear hold you back.
