So what does this all mean? anyone should be able to understand...for your consideration...

TRUMP: IT'S OFFICIAL—THE PEOPLE GOVERN; THE PEOPLE RULE; THE PEOPLE ARE SOVEREIGN! DE FACTO IS NO MORE!

In beginning to fulfill our responsibilities as the sovereign americans, the following is a brief attempt to begin to define what the people might consider as law for the american people. This offering is meant to be consistent with nullifying and rescinding any and all fraudulent actions and laws, imposed upon the american people by criminal impersonators, pretending to be legitimate representatives of the american people.

For those knowledgable americans, who wish to participate...please suggest any suggestions/additions and/or corrections to the following:
1. We were all created by the Universal Creator of humanity
2. Everyone has equal political status; we are all sovereigns - kings and queens with no subjects.
3. We are not LAWFULLY bound by ANYTHING from the past unless we freely CONSENT or were a direct party to any agreement.
4. LEGAL IS NOT LAWFUL LEGAL IS A TERM and a system of commercial control INVENTED BY MAN. It could have just as well been named after the game called Monopoly. IT IS IMPOSED upon the people, unlawfully, BY DECEPTION without full disclosure and the consent of the governed. It operates in fraud on its surface. It does not lawfully exist within a free society.
5. No one can own you.
6. No crime can be defined without an injury to a live victim.
7. The “state” can not be named as a victim.
8. A badge, a gun and a uniform does not a lawful peace officer make.
9. A municipal, county or state code without the consent of the governed
is not law and is not lawfully enforceable.

1. We as the people are not required to have a government. To create one or to dissolve one is our free choice.

2. Words written on paper are nothing more than words written on paper unless all parties to the words written on paper honorably agree to the meaning of the words written on paper and honor and respect the words written on paper.

3. Amongst sovereign Americans, there is no such thing as anarchy…it is a term invented by men. As a term, it means nothing unless the people agree it means something.

TRUMP: Its official-THE PEOPLE GOVERN; THE PEOPLE RULE; THE PEOPLE ARE SOVEREIGN! de facto IS NO MORE!

So to get started…

Consider beginning at the lowest level of political recognition. The township or the precinct.

How to get organized…

Some of you may remember Tim Cox…

GOOOH

The process would seem to offer an unbiased process by which local private
associations could begin to select viable candidates for legitimate public office for the sovereign American people.
