Good day Ms. Sandoval,

Thank you for your invitation to field any open questions regarding my recent requests for credentials for public officers who are fiduciaries and functional trustees of the public trust. I hasten to add, the document was a constructive notice and demand…it was not a request for information.

Treating my demand in the manner in which you seem to be approaching your response, so far, might very well introduce some serious Constitutional breaches! Are you aware of that?

Just in case you are unclear…permit me to point out...

**Public Service is a Public Trust… Fiduciary Duty**

And may I also make you aware of other recent events which have taken place which clarify some longstanding misconceptions held by public employees similarly employed
as yourself.

The Trump Doctrine 2017

And Mr. Trump’s international public declaration gave notice to the entire world that the sovereign Americans are the only legitimate authority in America. And the following codified notice from the lawful state legislature… confirms the matter.

As I just mentioned... there is the matter of the following statement of additional recognition from the Brown Act. This small paragraph clearly defines the role of public servants, their obligations, their duties and their proper level of delegated authority granted them by the only legitimate owners of our state; the people. And of course I would be referring to the lawful state, California, where the lawful seats of government have been vacant since the 1860’s.

California Brown Act – Open Meetings Act

GOVERNMENT CODE
SECTION 54950-54963
54950. In enacting this chapter, the Legislature finds and declares that the public commissions, boards and councils and the other public agencies in this State exist to aid in the conduct of the people's business. It is the intent of the law that their actions be taken openly and that their deliberations be conducted openly. The people of this State do not yield their sovereignty to the agencies which serve them. The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. The people insist on remaining informed so that they may retain control over the instruments they have created.

And just tonight, very strong evidence of an even more serious set of circumstances which I believe affects all Americans, with respect to the questions
asked in the notice and demand presented to you was made known by:

Matt Shea: Evidence of Documented Treason Against the American People – Reported by Washington State Representative

Now…if I may, putting all of this aside…I have had an opportunity to review the responses you provided. And I must respond that any lawfully empowered public officer would recognize the importance which had to be placed on such a notice and demand. And Ms. Freidenrich, especially, since she has admitted to me that she is a public officer, and as one of the chief fiduciary officers of the county, would have immediately recognized the seriousness of my notice. The following is the required oath that provides some sort of guidelines to help you better understand this matter if there is any doubt.

Never Waver—

As a result, Ms. Sandoval, something here is amiss. And as good Americans…sovereigns, we are duty bound to resolve this matter. As a result, the first order of business is to determine if you are legitimately qualified to represent yourself as the Clerk of the Board? It is almost the same as the confirmation of a peace officer…Does not a peace officer make—

In this particular interaction, you are presented as the Clerk of the Board. See below:

A serious word of caution here Ms. Sandoval…

While I am no expert in such matters…but If it turns out that you are not a lawfully empowered public servant, as represented in this message; and you lack the legitimate credentials and authority as required by government code, then I am sorry to advise you that your actions so far, may be construed as impersonating a legitimate public officer and acting in fraud.

How do you prefer we proceed?

RE: Administrative Notice and Demand
Due Date: December 18, 2017
Property Parcel Number: 112-751-08

Good day Ms. Stieler,

I was referred to you by Ms. Freidenrich.

In the process of paying the tax bill for 2017-18 I recently receive a reminder of all of the various frauds committed on unsuspecting people everyday. To that point, our home was just recently paid off and I was reminded that the property to which this tax bill is related is part of a family trust. As a trustee, my fiduciary responsibility requires that I validate the authenticity of those agents and agencies of government whose funds are disbursed.

In that regard, I am requesting/demanding the credentials to establish the legitimacy of the agency and the public servant by whom the tax bill was issued.

According to the official county website, https://www.ocgov.com/, the clerk of the board, the responsibility to furnish all such document requests is handled by your department. On that basis my I respectfully request the documents of certification as outlined in the following...

Subject: Credentials for County of Orange Public Officers please

Good day Ms. Stieler,

I was referred to you by Ms. Freidenrich. In attempting to comply with my fiduciary responsibilities as a trustee, I am required to validate the credentials for the public officers of THE COUNTY OF ORANGE.

In the process of paying the tax bill for 2017-18 I recently received, I was reminded of all of the various frauds committed on unsuspecting people every day. At that point, our home was also just recently paid off and in the process, I was reminded that the public servant by whom the tax bill was issued is part of a family trust. As I was further reminded I am a trustee, and my fiduciary responsibility requires I validate the recipients to whom funds are disbursed.

On that basis I was seeking the credentials of the agency and the public servant by whom the tax bill was issued. I contacted Ms. Freidenrich which has led me to you.

According to official county website, it seems as the clerk of the board, the responsibility to furnish all such documents is handled by your department. On that basis I respectfully request the documents of certification as outlined by you as a result of providing the credentials for the treasurer, perhaps you will also be kind enough to include the following:

The following are the requirements to comply with the law as I understand it...

RE: Administrative Notice and Demand
Due Date: December 18, 2017
Property Parcel Number: 112-751-08

Good day Ms. Stieler,

I was referred to you by Ms. Freidenrich.

In the process of paying the tax bill for 2017-18 I recently received a notice from Mr. Freidenrich reminding me of all of the various taxes and fees that are owed. I was particularly disturbed to see that the property to which this tax bill is issued is part of a family trust. As a trustee, my fiduciary responsibility requires me to validate the authenticity of those agents and agencies of government to which funds are disbursed.

In that regard, I am requesting/demanding the credentials to establish the legitimacy of the agency and the public servant by whom the tax bill is issued.

According to the official county website, https://www.ocgov.com/, the clerk of the board, the responsibility to furnish all such documentation requests is handled by your department. On that basis my I respectfully request the documents of certification as outlined in the following:

RE: Property Parcel Number: 112-751-08

Good day Ms. Stieler,

I was referred to you by Ms. Freidenrich. In attempting to comply with my fiduciary responsibilities as a trustee, I am required to validate the credentials for the public servants by whom the tax bill was issued. That prompteded me to contact Ms. Freidenrich which has led me to you.

According to official county website, it seems as the clerk of the board, the responsibility to furnish all such documents is handled by your department. On that basis, I respectfully request the documents of certification as outlined in the process, I was reminded of all of the various frauds committed on unsuspecting people every day. To that point, our home was also just recently paid off and in the process, I was reminded of the property to which this tax bill is part of a family trust. As I was further reminded I am a trustee, and my fiduciary responsibility requires I validate recipients to whom funds are disbursed.

On that basis I was seeking the credentials of the agency and the public servant by whom the tax bill was issued. It is my duty and obligation to the Constitution, when dealing with agencies representing themselves as "government," to verify and confirm legitimacy with whom I deal. As a result, please find an Administrative Notice and Demand - Who are you?

Attention: To whom it may concern

Sandoval, Cynthia [COB]
