Greetings again,

We can officially confirm today that numerous FBI officials led by **ANDREW MCCABE** along with **ANDREW WEISMANN** have been indicted on numerous felonies for racketeering, extortion and treason laced offenses. <https://www.docdroid.net/OOnBDc1/p1b-andrew-mccabe-james-rybicki-ewprietap-james-comey-trisha-anderson.pdf>

We can also tell you the Department of Justice is no longer heading up the uranium investigation. That job has now officially been passed over to the Solicitor General's office as required by law. The acting Solicitor General was just appointed by Trump a few months ago, and I handed to him nearly all of the files. This case now strongly intersects with the activities of **BARRICK GOLD** corporation, and we wanted to be positive indictments were already enforced in court before we alerted the public to the next stage of trial on corruption charges.

Barrack Gold Corporation

Also I delivered a package to Dave C. He is mentioned in all of the Flynn news reports about the Russia collusion narrative. I can't reveal anything about where he lives or how I found him, but he has most of the files on Clinton. If you can figure out who he is, you're a better sleuth than they give you credit for.

I sent a copy of this message Dave's way to give him a heads up, afterward he will no longer receive email.

We can now state that the national Grand Jury in Pennsylvania has indicted **JOHN PODESTA** a second time, **ANDREW MCCABE**, **JAMES RYBICKI**, **ANDREW WEISMANN**, **PETER STRZOK**, **MELISSA HODGMAN**, **E.W. PRIESTAP** and the god-awful hack **TRISHA ANDERSON** on charges of formal collusion and obstruction of justice.

We can also now tell all of you that **KEVIN SPACEY** got indicted again, and the military trials just began deliberation on further hard evidence linking **GEORGE H.W. BUSH** to the probable assassination of JFK.

Those finely manicured nails won't do them any good this time!

Also present there according to personal eye witness I found, was **CLAYTON FOWLER** a relative of kevin spacey and his crooked CIA lawyer Clay Shaw.

We can confirm that all three of them knew about **PETER MUNK**, and apparently **PETER MUNK** was tied directly to the nine eleven black op attacks. That's right, folks.

The September 11th 2001 attacks on America are linked directly to Uranium One.

Many have even come to accuse us of hiding things. However, if you knew the full extent of this crime spree as we do and as the FBI now does: you would not be immediately forthcoming without fully investigating first!

Case in point: **PODESTA** who is now in custody. For example, the company who John Podesta is the official chair person for is a company called Joule Unlimited. Joule Unlimited has been accused for many years on the charge of money laundering. And Joule Unlimited specializes in advanced hydro physics and thermo dynamics. That's right, the company Podesta oversees is an expert in hydro carbon based propulsion systems!

<http://www.freepatentsonline.com/y2011/0124073.html>

The question I'd love to ask Podesta from his cell personally, easily beyond the rest. Why exactly does Podesta lobby for a group that is investigating how to electrify hydro carbons and carbon dioxide particles for travel through the air? Why is he so obsessed over it?

Indeed, this technology is unheard of and very strange. But no doubt widely used in the years ahead!

Just think while Podesta's in jail, one of his family members may yet help us crack the code. Or a whole new person for that matter since most of the research **PODESTA's** firm Joule Unlimited has done on hydro plane travel is bound to be very relevant in the near future! This is what President Trump meant about free energy!

We can also confirm that **PETER STRZOK** was a partner in Iran's energy unit that worked with the *Friends of Ukraine*. This is official confirmation and the smoking gun, connecting **STRZOK** to sabotage of the Trump campaign and it makes the whole puppet show fall apart!

<https://www.theblot.com/tag/peter-strzok-world-bank>

STRZOK was the same crook from the World Bank investment group. Which confirms by way of a smoking gun, that indeed **STRZOK** was the first FBI agent to put pressure on/invent the discredited dossier by Chris Steele.
<http://www.zerohedge.com/news/2017-12-03/anti-trump-fbi-agent-fired-mueller-probe-relied-russian-farytales-fusion-gps-dossier>

This may light the fuse on gaslighting the entire investigation once and for all! **STRZOK** is now in jail, and he needs to answer to all the additional charges we are leveling about the illegal payments for the dossier.

We will also have you note that I found out **KEVIN SPACEY FOWLER** is related to **WILLIAM ALFRED FOWLER**....The nuclear astro physicist. And he is related to **WILLIAM FOWLER, I** the creator of the **SKULL & BONES** society. That's right everybody, the founder of **SKULL & BONES** is just another actor...no wonder all we see are **BUSHES and BRONFMANS!** They needed an excuse to create the largest Hollywood sound stage!
<https://www.docdroid.net/o75DLkm/thomas-geoffrey-fowler-spacey-hard-evidence.pdf>

HILLARY CLINTON also stated numerous times, she had nothing to do with the uranium sale or the sale of the mine. We can now prove that was a one hundred percent on the record lie, with smoking gun evidence!

Article 7 – Entry Into Force

This Protocol shall be applied provisionally from the date of signature and shall enter into force on the date of the last written notification that the Parties have fulfilled the national procedures required for entry into force of the Agreement, the Protocol to the Agreement between the Government of the United States of America and the Government of the Russian Federation Concerning the Management and Disposition of Plutonium Designated as No Longer Required for Defense Purposes and Related Cooperation signed at Washington on September 15, 2006, and this Protocol.

DONE at Washington on 13 APRIL 2010, in duplicate, each in the English and Russian languages, both texts being equally authentic.

FOR THE GOVERNMENT OF THE
UNITED STATES OF AMERICA

The signature of Hillary Rodham Clinton is written in black ink over a white rectangular background with a red border.

FOR THE GOVERNMENT OF
THE RUSSIAN FEDERATION

A handwritten signature in black ink, likely belonging to a Russian official, is written over a white background.

There it is, America. The smoking Gun evidence you have been waiting for. **HILLARY CLINTON** officially approved, signed off on and endorsed the sale of millions of tons of plutonium and uranium to Russia's Rosatom and Ukraine. It couldn't get clearer then that!! That will add an extra year in the clink for her.

Here's how dangerous the use of uranium has been on America's land and ranches for the next twenty years or more. It's so bad that the soil won't even grow wheat the same anymore, thanks to this mercury poison and treason that was done.

<https://minerals.usgs.gov/minerals/pubs/state/985601.pdf>

Things are nasty as a result of this, but thankfully the tribunals are in effect now. We will deal with this once and for all. Then, it's time to see what free energy devices are about! For too long has America relied on poison.

The **CLINTONS** will go down in history as the worst examples of Bonny and Clyde ever seen. Criminals never learn. Be sure to spread the word and pass this onward.

America is now undergoing radical changes with martial law in effect as well. It seems Jeff Sessions is getting fired this week, you have a new Special Counsel America. Your acting Special Counsel is now Solicitor General Noel!

Watch your backs and your six.

Sincerely,
Jay Lowe
