Subject: Our Legislature is a Conundrum

Our Legislature is the Conundrum!!!

It looks tough but by their own rules, statutes and color of laws; we can run them out of office...

All Senators and Representatives must take an oath to the Constitution of the United States of America. All others such as judges, DOJ, FBI, BLM CIA etc must take a similar oath.

All BAR members have a prior oath to the BAR. Therefore, they cannot take a lawful oath to the Constitution.

Dual Nationals: Then all members of congress must be capable of un-conflicted loyalty to the Constitution. The first law of the land of the United States of America. Not just the U.S. or the United States. A dual national is incapable of lawfully doing that.

All members of Congress must be Americans with our inalienable rights or US citizens with 14th amendment privileges so says SCOTUS.

All BAR members are subject to the Foreign Agents Registration Act. So they are either registered and lawful or unregistered and unlawful. In either case they are not eligible for congress.
Now take a look at the FBI. It is a corporation with a DUNs number etc. Now, how does an FBI agent that is also a BAR attorney take an Oath that is lawful. They have the same difficulties as Congress. Plus the Pinkerton Act. This must be true for the state of Oregon’s corporate governance. Kate is a BAR attorney. The state police is a corporation. And these persons are authorized to arrest or kill us? NO!!! But they do it. Doncha just love color of law; a legal fiction.

Judges and DOJ must resign from the BAR to serve.

It is all in our founding documents and SAL that are bona fide. Statutes At Large, must be lawful. Not all of them are!!!

I do lawful not legal and this is my best effort.
